

## OrthoPets Lab Transfer Color Document

I, \_\_\_\_\_, would like to use a transfer color for \_\_\_\_\_'s (name of pet) device. My first transfer choice is \_\_\_\_\_. My second transfer choice is - \_\_\_\_\_. I have circled and initialed my 1<sup>st</sup> and 2<sup>nd</sup> choice transfers. I understand there is a \$20.00 extra charge for a transfer pattern.

I would prefer the standard solid black plastic for no additional charge.
